

Simon Webster

Position - Director, Façade Consultant

Qualification - BA (Hons) Architecture, Post Graduate Diploma in Architecture

Professional Association - Registered with ARB. Corporate Member of the RIBA.

Simon is an Architect by training, and recognised as one of the most knowledgeable technical experts in UK facade consultancy. He specialises in specification writing and in post tender services, having attended many weather tests and visited most sub-contractor factories and glass processing facilities in Europe. He has excellent industry connections and has worked on projects in most sectors, in the UK and abroad, including many signature buildings in London.

His client base includes Architects, Developers and Sub-Contractors, who he has built relationships with on many repeat projects in the last 16 years.
