

## Sian Williams

Position - Associate, Façade Designer

Qualification - MEng(Hons) Civil Engineering with Architecture (University of Glasgow)

Professional Associations - Institution of Civil Engineers

Sian has over 10 years of experience working in the cladding industry. She uses free-hand technical sketches, 2D CAD details and 3D modelling to describe façade systems. Sian has worked on a variety of projects in the UK, Europe and further afield and has experience at all stages of project development from scheme design to construction on site.

Working with a variety of architects, contractors and developers with their own individual styles has taught her to adapt these skills to best suit the project in hand.
