

Will Dalby

Position - Stone Specialist, Graduate Geologist

Qualification - MSci (Hons) Earth Sciences (University College London)

Having recently graduated from university, Will joined FMDC in July 2017 as an intern for 12 weeks. He has since taken a full-time position at FMDC as a stone specialist, drawing on his background of geology and knowledge of stone types and their properties.

Since joining FMDC, Will has travelled to quarries and stone suppliers in Germany, Portugal and the UK – assisting in project delivery and building on his training in the industry.
